

# RECONNECT!

MAKING COMMUNITY ESSENTIAL

LIVE ONLINE OCTOBER 6 & 7, 2021

Join us on October 6 and 7 for a live online national conversation from Kitchener, Ontario, as Tamarack's Learning Community convenes to discuss how we are going to rebuild social connection after the COVID pandemic. We will learn about the unprecedented spontaneous uprising of everyday people taking action to support their neighbours.

Participants also have the opportunity to take part in [Masterclass streams](#) to deepen their learning experience and join their peers in conversation. Here are the masterclasses:

- A Community-Based COVID Recovery with Lisa Attygalle and Paul Born
- Innovative Municipalities Strengthening Community and Building Resilience with Jim Diers
- Asset-Based Community Development with Cormac Russell and John McKnight
- Building a Neighbourhood Strategy to Reconnect Community with Heather Keam
